

NUS CFA Artcyclopedia

This is a repository to store embedded code for www.nus-cfa.com.

Introduction

A dynamic, searchable, and filterable directory web application showcasing various arts, culture, and interest student groups across the National University of Singapore (NUS), including groups under the NUS Centre For the Arts (CFA), Halls of Residence, Residential Colleges, and independent student interest groups.

Project Timeline

Date	Milestone
13 Jul	Requirements & Content Finalised
17 Jul	Prototype Complete
20 Jul	Client Review 1: Design & Prototype Approval
24 Jul	All Photos, Media, and file attachments submitted to developer
31 Jul	Amendments from CR1 & Development Complete
3 Aug	Client Review 2: Final Website & Content Approval
8 Aug	Amendments from CR2 Complete
9 - 10 Aug	Website Freeze
11 Aug	 Website Launch (SLF)

Note: To implement the Venue page, I will create a public Google My Maps containing all NUS arts venues. Before launch, NUS CAC will need to duplicate the map using an official NUS CAC Google account (Gmail) and share the new link with me. This ensures the published map is owned by NUS CAC rather than my personal Google account.
